

NKCC/QA/FSMS/01

FOOD SAFETY POLICY

New KCC Ltd is committed to guarantee safe high quality and refreshing dairy products.

In pursuit of this commitment, we shall comply with applicable statutory, regulatory, and customer food safety requirements.

We shall ensure continual improvement of the food safety management system by annually reviewing food safety policy and its objectives as well as the food safety standard operating procedures.

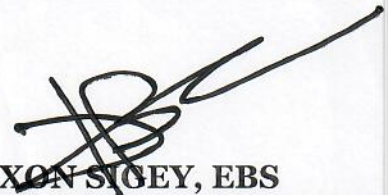

We shall ensure that food safety continues to be an integral part of our operations by including food safety strategies in the annual business planning process through establishment of KPIs in all relevant food safety related activities.

New KCC is committed to recruiting competent personnel to manage the FSMS and maintain personnel competencies through continual training.

We shall communicate this food safety policy and its objectives effectively by providing strategies and performance guidance internally. External communication of the food safety policy shall be achieved through channels including but not limited to company website and contracts.
